

Shout out to all local tradies and tech businesses

This month there are two events you won't want to miss!

Please forward this on to anyone you know who may be interested.

Te Ara Whetu Waikanae Library:

Naylor Love wants to meet local tradies and suppliers

We're opening up the old library next week for local tradespeople and suppliers to meet our lead contractor - Naylor Love - and find out how they can be part of building Te Ara Whetū. We want to make sure local companies get the opportunity to be involved in local projects. If you're interested in finding out about sub-contractor opportunities, pop along and see us:

Where: **The old Waikanae Library, 15 Mahara Place**

When: **1pm to 5pm, Wednesday 7 May**

June meeting with Mahara Place business operators

We're planning to hold a hui in June for local business operators to meet the building team and to ensure they hear what's important to you about construction in Mahara Place.

We'll confirm a date for this meeting as soon as we can; it'll definitely be before any work starts on site.

Keep an eye out for more details.

Calling all Kāpiti tech industry members or those just interested!

You are invited to a one day conference hosted by the Economic Development Kotahitanga Board. Designed and implemented by the Economic Development's Tech portfolio lead and Tech Cluster Coordinator.

From global exits to ethical AI, cyber threats to smart cities, [ThinkTech Kāpiti](#), part of TechWeek 2025, brings together bold thinkers, tech founders and industry leaders for a full-day event showcasing innovation from Kāpiti and beyond.

- Wednesday 21st May
- 9am - 3.30pm followed by refreshments and networking
- Southwards Car Museum
