## Stormwater Drain Replacement

We have been notified that the work to replace the drain from the corner of the Kapiti Denture Clinic area to Unichem Waikanae Health Pharmacy, crossing Marae Lane, will commence in September. We requested this work be brought forward during this quieter time of year but the contractor is unable to do so. Stop Go traffic management will be in place for 3 - 4 weeks. We will update you with any further information on this. The current works on the corner of Marae Lane and Te Moana Road were in response to an unstable krib wall with a large tree above we understand. They are trying to keep disruption to a minimum but as this was safety issue it needed to be carried out.

## When times are tough - promote, promote, promote!

Our shopping area is looking bright and fresh with so many new signs and businesses. Do your brand images match? Now's a great time to give your social media and website assets a new lease on life. One of our local photographers, [Andy Snaps](#) has a very generous deal for Waikanae Businesses and Association Members. We would really encourage as many of you as possible to take up this offer.

We are updating our website in the coming weeks and Andy has taken a few fresh photos for us already. Keep an eye out!
